

Dear Mr. Cai

July 23, 2015

I hope you are doing well and that you are having a wonderful summer.

Thank you very much for your efforts in advancing our strategic cooperation. We feel we have a meeting of the minds, and look forward to realizing our mutual vision. We would be very pleased to welcome Dr. Qu Liefeng to Israel with members of the team, and will organize an introduction to potential high tech companies in the life science field. We are confident that we can achieve your stated plan regarding the MOU and will be glad to formulate with Dr. Qu Liefeng and the team, the relevant road map to a mutually successful cooperation.

We would be pleased to support and facilitate with any arrangements that will make Dr. Qu Liefeng and team's visit to Israel easier and more pleasant.

Prof. Goldwasser will be out of the country between August 14 and 18. The Jewish New Year and other High Holidays fall this year between September 14 and October 5. Other than on these dates, we will be happy and pleased to host Dr. Qu Liefeng and team. Please let us know what is the best timing for them to visit us, as we will need to line up start up companies for their review. If they wish to meet again with any of the companies the SAIL team met on their previous visit please let us know.

We look forward to seeing you in the near future whether in Israel or in your amazing country and wish you continued success.

Best personal regards,

Ehud Barak    Benad Goldwasser
